Team Series

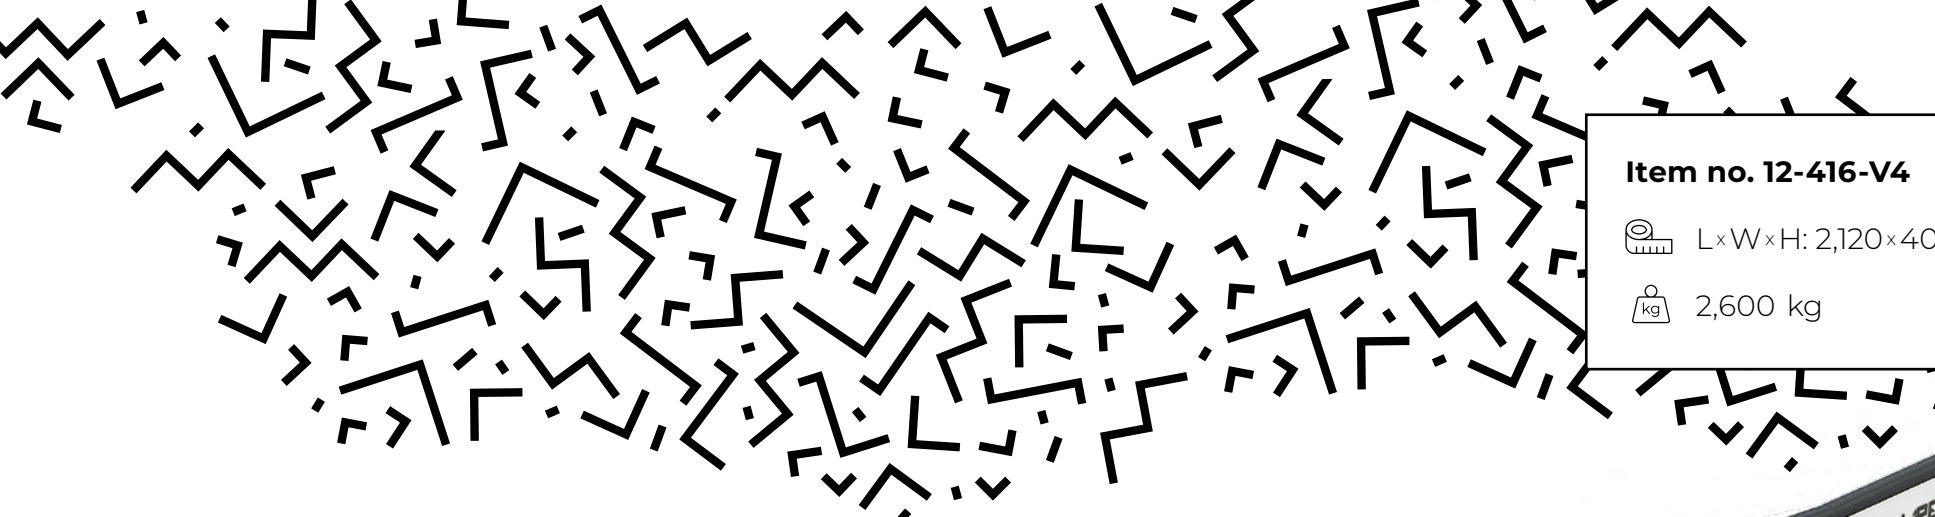

With my first signature obstacle I wanted to bring easy rail to rail transfer to wakeparks around the world.

The kicker on the side and the bank next to the downrail offer a lot of different ways to hit it. Everyone can have fun on this thing!

Riding the mega ramps at lake ronix and events like Red Bull Rising High really made me want to design one myself and I'm more than stoked that Shape Obstacles gave me the chance to do so.

No more knee or back pain after hitting kickers to the flats all day. With this ramp you can boost of a kicker with a smooth landing every lap. It's designed for all riders amateurs to pros. Everyone can have a good time on it.
