pro riders and team

Team Series

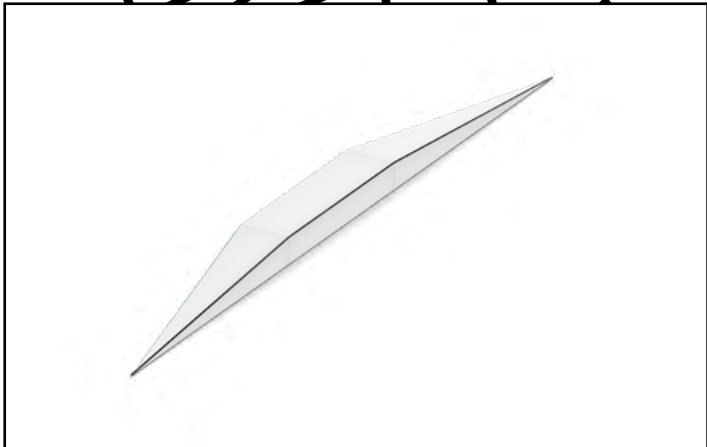

Spanish mafia x Shape obstacles coming to your park with so many different options.

In wakeboarding, there is no better feeling than landing into a transition, which is why we came up with this idea. If you know us, you know that we absolutely love to make noise and for us landing into stairs feels crazy good.

Taps are also part of our riding and that's why we incorporated the buoy. From beginners to pros, every can have fun on it.
